Just what is the matter with the price of cotton seed, it is hard to tell, except that for the past few weeks it has been going up, up, up. The season opened at about 30 cents a bushel; but that price did not hold beyond its announcement. Some of the buyers began higher than that. Then there were advances to 35, 40, 45, and 50 cents, and talk of still higher prices. Mr. George Sparrow returned to his home in Clover this morning, after a visit to his brother, Mr. Thomas Sparrow, who lives near Bartow, Fla. Mr. Sparrow expresses himself as being well pleased with the Cracker country and thinks that in some respects the country is ahead of York county. In speaking of the country, Mr. Sparrow said that one thing that impressed him was that Florida roads were far superior to those of York county. "You don't see any fine residences like you see in the country in York county," said Mr. Sparrow. "A two or three room house is considered about the best in the country. The AGENT of ANOTHER Company

But Who Carries Insurance On His Own Life In the Mutual Benefit,

If the average business man were in position to personally observe the extraordinary liberality of the Mutual Benefit in the treatment of its policyholders, the claims it pays (which no other company would pay), and the privileges it confers (which no other company ever conferred), I repeat, if the average bus-iness man had personal knowledge of these facts, you could sell all the insurance you wanted without a sales force."

While the agent above quoted states an exact truth, it is also true that the "average business man," as well as all other kinds, leap before they look and buys life insurance from the agent who first presents the matter to them or for personal reasons rather than taking the trouble to see whether or not all companies are "about the same." I am prepared to prove all the companies doing business in this section are "about the same," except the Mutual Benefit, and that it is in a class by itself. Look Before You Leap.

IT CAN BE A SUCCESS OR A FAIL-URE. WHICH WILL IT BE WITH YOU? ? ? ? ? ? ? ? ? Look at the men who are successful in the eyes of the world. Ninety-nine out of every hundred started a Bank Account when they were young—and

Account when they were young—and stuck to it.

And now, look at the failures. Very few of them have a Bank account now. Not speaking of when they were young. Perhaps you think you have not enough money to start an account. Haven't you a dollar? That's all it takes at THIS BANK.

Just try it for a year or six months. If you do not wish to continue it you have lost nothing by the trial.

Which Will It Be-Success or Failure? IT'S UP TO YOU. Bank of Hickory Grove
